A long, white, metal storage container with a corrugated exterior. The door on the left is open, revealing a dark interior. A yellow electrical box is mounted on the side of the container. The container is situated on a dirt surface under a blue sky with scattered clouds. The website address www.PetroRigs.com is overlaid in orange text across the center of the image.

The image shows a high-angle view of industrial equipment on a platform. A large white pipe runs diagonally across the frame, supported by a yellow metal railing. The railing is made of vertical posts and horizontal rails, with a perforated metal grate floor underneath. To the left, a yellow structure, possibly part of a crane or hoist, is visible. The ground is a light-colored, sandy or gravelly surface. A black cable runs across the ground in the lower right. A small grey electrical box is mounted on the railing. The overall scene is an industrial or offshore rigging site.
