

Thirty (30) Surplus NEW and Unused Emerson Ball & Control Valves

7 x Unused Emerson Trunnion Mounted Ball Valves c/w Hub Ends - actuated

16 x Unused Emerson Trunnion Mounted Ball Valves c/w Hub Ends

1 x Unused Emerson Control Valve.

Style; Ball.

Valve Size; 8in.

Pressure Rating; 1500psi

Connection type:flanged;

Body material: carbon steel;

Material specification: astm a350;

Seat material: tungsten carbide coated;

Seal material: viton;

Actuator type: double acting piston/pneumatic.

1 x Unused Emerson ball valve;

Type: trunion;

Valve size: 8 in;

Pressure rating:1500 lb

Connection type: hub 8in72;

Body material: low temp carbon steel;

Port type: full;

Material specification: astm a350 gr lf2/inc 625 wetted areas incl all hubs and seal faces, flange faces & rtj grooves;

Seal material: endura v91a;

Ball material: duplex a182 f51 + tcc;

Seat material: duplex a182 f51 + tcc;

Operator: actuator, pneumatic, double acting c/w control panel;

Configuration: integral 1/2in 1500 rtj drain and vent

Construction: inc 718 stem, inc x750 springs, firesafe, l7/gr7 s3 zinc coated bolting, control panel 316 piping, ex rated,leakage rate 'c'.

5 x Unused Emerson Manual Ball Valve;

Type: trunnion;

Valve size: 6 in;

Pressure rating: 1500 lb;

Connection type: hub 6gr52;

Body material: a350 lf2;

Port type: full;

Seal material: viton;

Ball material: 316+tcc;

Seat material: 316+tcc;

Operator: gearbox;

Standard: nace;

Construction: stem: 17/4ph, inconel 625 overlay seat pockets and stem seal areas
