

DRILLING CO.

Rig 19

WORKING DEPTH: 10,500'

DRAWWORKS RIG TECH RT400, 525 HP Drawworks W/ Eaton Auxiliary Brake

POWER: (1) Detroit Series 60 Diesel Engines W/ Allison 6610 Transmission

#1 PUMP Mud King MKF-1000 Triplex Pumps, 1000 HP
Powered by: Catapiller 3508 Diesel Engine w/ National C-300 Torque Converter

#2 PUMP RS-F 1000 Triplex Pumps, 1000 HP
Powered by: Catapiller 3508 Diesel Engine /W National Torque Converter

MAST International Derrick Service 500K, 67' H X 8' W, 320,000# Hook Load. HYD. Raised Mast, On 3-Axle Carrier.

SUBSTRUCTURE IDS 12'H X 10'W Sub. W/ Mud Boat Skid & Pipe Handling Boom Arm

TRAVELING EQUIPMENT *Block:* MD Cowen 250 Ton
Swivel: Venture Tech XK250 HYD. Topdrive

GENERATORS 2- 380 KW generators Powered by Detroit 60 Series diesel engines

BOP EQUIPMENT *Ram Preventor:* 11" 5000#: Double Shaffer LWS Type
Annular Preventor: 11" 5000#: Shaffer Type
Closing Unit: Koomey Type 5 Station

DRILL PIPE

DRILL COLLARS

MUD SYSTEM *Working Pits:* 2 working pits: 5"H x 10'W x40' L (750 bbl)
Mud mixing pump: (2) 6X5 Centrifugal pump with (2) 75 HP electric motors

SOLIDS CONTROL EQUIPMENT *Shale Shaker:* (1) Derrick style linear shakers
Desilter:
Desander:
Mud Movers: (2) 6 X 5 Centrifugal Pumps with 60 HP Electric Motors
Separator:

AUXILIARY EQUIPMENT *Water tank:* 2 ea. 500 bbl
Fuel tank: 8,000 gallon capacity
Air Compressors: 1- screw type electric compressors
Drilling Instrumentation:
Wireline Unit: OWI
Choke Manifold: Horn Equipment 5000#

Miscellaenous Equipment Centrifugal Pumps
 Handling Subs
 Tongs, slips, elevators
 Pipe Racks
 Spare Parts & Hoses
