Coiled Tubing - Pumping - N

The image shows a large piece of industrial equipment, likely a coiled tubing reel, mounted on a blue transport trailer. The reel is red and has a large, circular, flat face. It is surrounded by various cables and hoses, some of which are coiled and others that are hanging down. The trailer is parked on a gravel surface, and the background shows a blue sky with white clouds. The text "www.PetroRigs.com" is overlaid in the center of the image.

www.PetroRigs.com

A large blue and red oil rig transport trailer is parked on a gravel lot under a blue sky with white clouds. The trailer is loaded with equipment, including large red spools of wireline and a blue frame structure. The trailer has multiple axles with large tires and a red and white striped safety border. In the background, other similar trailers are visible.

The image shows the interior of a mobile office trailer. In the foreground, there is a large, light-colored wooden desk with some stains and a power cord. Behind the desk is a black office chair. To the right of the chair is a white metal cabinet with a dark, worn cushion on top. A window with a black frame is on the right wall, showing a view of a white truck and a blue sky with clouds. A door with a small window is in the background. A fluorescent light fixture is mounted on the ceiling. A whiteboard with some handwritten notes is on the left wall. The walls are white and show some signs of wear. The floor is dark and appears to be made of wood or a similar material. The overall lighting is bright, coming from the windows.
