The image shows a complex industrial setup on an offshore rig. A large blue metal frame supports various components. At the top right, a red spherical vessel is suspended. Below it, a blue manifold with multiple ports is visible. A red pipe with a valve handle is prominent in the center. In the foreground, a yellow container with a handle sits on a red pipe. The background shows the structural beams and panels of the rig's interior.

SCR 1 control panel featuring four analog gauges. The top-left gauge is labeled 'VOLTS' with a scale from 0 to 1000. The top-right gauge is labeled 'AMPERES' with a scale from 0 to 2000. The bottom-left gauge is labeled 'PERCENT AC GROUND' with a scale from 0 to 100. The bottom-right gauge is labeled 'PERCENT DC GROUND' with a scale from 0 to 100. A red emergency stop button is located in the center of the panel.

GEN 1

GEN 1 control panel featuring three analog gauges. The left gauge is labeled 'VOLTS' with a scale from 0 to 2100. The middle gauge is labeled 'AMPERES' with a scale from 0 to 1500. The right gauge is labeled 'PERCENT' with a scale from 0 to 100. Below the gauges are several indicator lights and control buttons.

The image shows the interior of a large industrial container. The floor is covered in gravel. The walls are white with blue structural elements. There are several metal beams and pipes running across the space. A large black hose is connected to a pipe on the right side. The lighting is bright, suggesting an open end of the container. A watermark is visible in the center of the image.

B

A

The image shows the interior of a complex industrial structure, likely an oil rig. A central vertical wellhead is the focal point, surrounded by a network of white metal beams and supports. Two large red spools of cable are mounted on the upper structure. The floor is a mix of gravel and concrete, with various tools and equipment scattered around. Sunlight streams in from the right, casting long shadows across the floor. A large, rusty metal pipe runs horizontally across the foreground. The overall scene is one of a busy, industrial environment.
