A wide-angle photograph of an industrial site. In the background, a large, multi-story building with brown corrugated metal siding dominates the scene. To the left, there are several tall, cylindrical storage tanks and a complex network of blue steel pipes and structures. In the foreground, a dark asphalt parking lot contains several blue shipping containers and a large piece of blue industrial machinery. A white car is parked near the base of the large building. The sky is filled with heavy, grey clouds, suggesting an overcast day. The overall scene depicts a busy industrial or oilfield facility.

A wide-angle photograph of an industrial site, likely an oil or gas processing facility. In the foreground, there are several large blue metal frames, some containing equipment covered with blue tarps. To the right, a large blue water tank is visible. In the background, there are large piles of sand or gravel, a fence, and a large industrial building with a tall chimney. The sky is overcast with grey clouds. The website address 'www.PetroRigs.com' is overlaid in white text across the center of the image.

An industrial yard or storage area. In the center, there is a tall, slender tower with a platform at the top. Below the tower, several shipping containers are stacked. To the left, there are blue metal structures, possibly part of a rig or platform. To the right, there are more industrial components, including what looks like a large white tank or container with a red stripe. The ground is dark and appears to be gravel or asphalt. The sky is blue with scattered white clouds. A large white watermark is overlaid in the center of the image.
