

A large industrial rig, possibly a drilling or mining machine, is parked on a gravel lot. The rig is primarily green and white, with a prominent white lattice structure extending from the main body. At the end of this structure is a red and white component, possibly a winch or a specialized tool. The rig is situated on a wet, gravel surface, and there are yellow concrete blocks in the foreground. In the background, there are trees and a fence. A watermark is overlaid on the image.

A large green industrial rig, possibly a pumpjack or similar machinery, is mounted on a multi-axle trailer. The rig features a complex white metal frame with various pipes, valves, and mechanical components. It is situated in an outdoor industrial yard with a concrete ground and some other equipment visible in the background. The sky is overcast.

The image shows an industrial facility, likely an oil or gas processing plant. A large, dark green metal structure with a grid-like mesh is the central focus. In the foreground, there are several red valves with large handwheels, and a yellow handwheel is also visible. A red metal beam or structure is in the lower right. The background shows more industrial equipment, including pipes and a staircase, under a clear sky. The overall scene is a complex of heavy machinery and structural elements.

A photograph of a red industrial component, likely a wellhead or valve, mounted on a metal base. The component consists of a cylindrical upper section with a flared top, mounted on a larger, wider base. The base has two cylindrical protrusions on opposite sides. A blue handle is visible on the left side. The entire assembly is mounted on a metal frame. A watermark is overlaid on the image.

www.PetroRigs.com

A tall, lattice-structured industrial rig, possibly a drilling or lifting tower, stands against a clear sky. A long, dark crane arm extends from the left side towards the center of the rig. The rig has a central vertical shaft and various platforms and ladders. At the base, there are some dark structures and lights. The overall scene is industrial and technical.

www.PetroRigs.com

A tall white lattice boom crane stands in an industrial yard. The crane is positioned between a green corrugated metal building on the left and a red brick building with green window frames on the right. A yellow forklift is parked in the foreground, and a worker in a high-visibility vest is visible near the base of the crane. The sky is overcast. The text 'www.PetroRigs.com' is overlaid in the center of the image.
