

SPECS

Make and Model: CPC / 9S-4/S60-25

Design Pressure: 3000

Manufactured Date: 2007

Accumulator Bottles, Number and Volume: 28/ 11GAL

Number of Stations: 9 STATIONS

Low / High Pressure By-pass Valve: YES

Annular Pressure Regulator Type: YES

Manifold Pressure Regulator Type: YES

Oil reservoir capacity (gallons): 375 GAL

Shear Booster (yes/no): YES

Make: Consolidated Pressure Control

Model: BP4032-716

Type: TRIPLEX

\*This Accumulator is in excellent condition, but due to the year, it will need to be re-certified
