A large, white, rectangular industrial electrical cabinet, likely a switchgear, is shown outdoors on a dirt surface. The cabinet has a door on the left side with a handle and a lock. Above the door is a small window with a yellow label that reads "CAUTION WHEN OPENED AREA". Below the window is a black label with the word "GIRON" in white. Below that is a red label with the word "DANGER" in white, and below that is a black label with the words "HIGH VOLTAGE" in white. The cabinet has four large, rectangular openings on the top, each with a red label that reads "DANGER" in white, and below that, a black label with the words "HIGH VOLTAGE" in white. The cabinet is mounted on a metal frame. In the background, there are trees and a cloudy sky. A red truck is partially visible on the right side.
